MOVEMENT SOLUTIONS

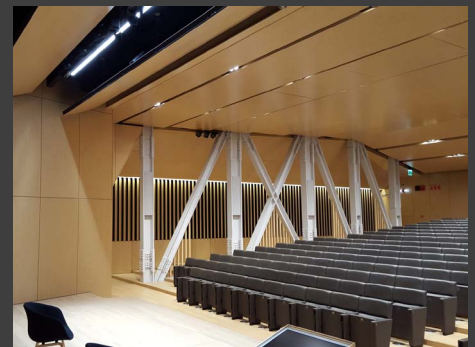

STAGE ENGINEERING BOLOGNA MAST (BO)

PROJECT DETAILS

Design, delivery, and installation of a fully fixed stage system with theater winches and lighting trusses, horizontal acoustic panels, and a hydraulic stage platform, as well as delivery of the stage lighting system. Specifically designed for the customer were automated integrated acoustic panels for the hall. The entire hall wall can be changed at the touch of a button using pre-programmed presets, depending on the show.

SCOPE OF DELIVERY

- Drum winches according to C1
- Stage touch control system
- Lighting trusses
- Horizontal acoustic panels
- Hydraulic stage platform
- Automated acoustic side walls for the hall
